Information other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Company's Annual Return but does not include the Financial Statements and our Auditor's report thereon. Ouropinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibility of the Management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 with respect to the preparation of these financial statements that give a true and fair view of the financial position and financial performance and cash flow of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

• Identify and assess the risks of the material misstatement of the financial statement, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our Auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

"ANNEXURE B" TO THE INDEPENDENT AUDITORS' REPORT

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Subsection 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **M/s BALLY JUTE COMPANY LIMITED** ("the Company") as of 31st March, 2022 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Basis for Qualified Opinion

According to the information and explanations given to us and based on our audit the following material weakness has been identified in the Company's internal financial controls over financial reporting as at 31 March 2022. We draw attention to *Note 36 of the financial statements* relating to the cash misappropriation by way of cash embezzlement by an employee of the company.

A 'material weakness' is a deficiency or a combination of deficiencies in internal financial control over financial reporting such that there is a reasonable possibility that a material misstatement of the company's annual financial statements will not be prevented or detected on a timely basis.

Qualified Opinion

In our opinion to the best of our information and according to the explanations given to us except for the possible effect of the material weakness described in Basis for Qualified Opinion paragraph above on the achievement of the objectives of the control criteria the Company has maintained in all material respects adequate internal financial controls over financial reporting and such internal financial controls over financial reporting were operating effectively as of 31 March 2022 based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Continuation Sheet

We have considered the material weakness identified and reported above in determining the nature timing and extent of audit tests applied in our audit of the financial statements of the Company for the year ended 31 March 2022 and this material weakness has affected our opinion on the said financial statements of the Company and we have issued a qualified opinion on the financial statements of the Company.

The year under review was affected due to shortage of raw jute and ascending raw jute prices coupled with government

5. MANAGEMENT DISCUSSION AND ANALYSIS REPORT

A. INDUSTRY STRUCTURE AND DEVELOPMENT

The Central government under Jute Packaging Materials (Compulsory use in packing commodities) Act 1987 continued with reservation norms order for compulsory packaging of foodgrain and sugar. The jute Industry was impacted with rise in raw jute prices amidst physical shortage of raw jute owing to adverse climatic conditions. The end users of jute products have restricted applications in view of increased prices of finished products. However, despite high prices, the demand from government sector for meeting packaging needs during the year was robust in view of mandatory packaging order and alternative usage of jute products are likely to pick up.

B. OPPORTUNITIES AND THREADS

OPPORTUNITIES

- The environment friendly natural fibre jute has always been preferred by ecological conscious end users and more and more usage is being promoted worldwide.
- The government is sympathetic towards jute considering the livelihood of workers and farmers associated with the jute sector and the continuance of mandatory order for meeting packaging requirements seems perennial.

THREATS

i) The shortage and ascending raw jute prices call for government intervention as. jute is an essential commodity. The curtailed production owing to shortage and government intervention led to government orders being shifted to

plastics in absence of stable supplies of jute bags for meeting food procurement needs of Government of India. However, the demand is robust for food procurement government programme benefiting Jute Industry and expected good monsoon will sober the raw jute prices.

- ii) The Compulsory packaging order issued by government of India under JPM Act 1987 for compulsory packaging of prescribed percentage of food grains and sugar in jute packaging material is a function of government policy and procedures. However, the support under JPM Act to the jute industry has been continuing from years and is likely to continue in the interest of workers and farmers.
- iii) In view of high prices of raw jute export markets for finished products could be impacted.
- iv) The fluctuation in crop size is a function of weather conditions coupled with area under cultivation and the same governs the raw material prices. The availability of raw jute has been an area of concern impacting production.

C. SEGMENTWISE OR PRODUCTWISE PERFORMANCE

The Company is engaged in single business segment i.e. manufacture and sale of jute goods. Hence, disclosure requirement in respect of business segment is not applicable under accounting standard AS- 17 issued by the Institute of Chartered Accountants of India.

D. OUTLOOK :

The anticipated problem of raw jute shortage seems to subside with the arrival of new raw jute crop and expected normal monsoon conditions. Reports of sowing of new crop for the jute year 2022-23 has been encouraging and favorable weather conditions could propel significant jump in the crop size. The outlook of industry is bright owing to jute being a natural fibre with bio-degradable characteristics. The Government policy has been supportive and government orders continue to remain buoyant in the domestic market. The demand for jute goods is expected to rise in view of increasing plastic ban around the world due to ecological concerns.

E. INTERNAL CONTROL SYSTEM AND THEIR ADEQUACY:

The internal controls of the company has been strengthened with higher frequency of internal checks and balances so as to provide desired timely alert signals. The said

upgraded internal controls coupled with the existing installed ERP system will help in meeting the desired results. Moreover, the internal audit mechanism is in place to conduct the routine checks on a regular basis throughout the year for better control and efficient management.
